

National Handwash awareness week- December 2-8, 2018

Narayana Pharmacy College organized an awareness programme on hand wash and sanitation at SNR ZP High School, Totapalli Gudur, Nellore district on the eve of **National Hand wash Awareness Week Celebrations** from December 2-8, 2018. Pharm. D students actively participated in the programme and demonstrated 7 hand washing steps to high school students through posters and charts. The students actively interacted with the college students and faculty. "Our Health is in our Hands", said Principal Dr. K. Harinadha Baba. He revealed the importance of hand wash to kill microorganisms and highlighted the significance of disinfectant soaps and sanitizers to prevent contagious diseases. Later disinfectant soaps were distributed to the school children. Pharm. D HOD Dr. P. Yanadaiah, faculty members Dr. K. Arun Chand Roby, Ms. A V S Gita Samira, ZP High School Headmistress Mrs. Padmaja graced the occasion.

The banner features the Narayana Pharmacy College logo on the left, a white box with the college name and address in the center, and a green pharmacy cross on the right. Below this is a large orange text box for the event title. A purple bar indicates the organizers. The bottom section includes three illustrations: germs, three smiling hand characters, and a 'Clean hands are happy hands' graphic. The location is listed at the bottom.
